I was born in Frome and brought my family up here. I believe the town should provide sports facilities and opportunities so that everyone can participate in their chosen sport at an appropriate level. I have a strong track record of community engagement and getting things done.

## Keyford

### Kate Bielby

I am a self-employed writer and editor and I run a small creative business in Frome. I'm a mum and a carer. I'd like us to build a stronger community, supporting more vulnerable people and listening to those whose voices aren't always heard.

### Pippa Goldfinger

I'm an engineer, passionate about the built environment and I am keen that it should be as beautiful and accessible as possible. I work from home in the Keyford area. I've been a councillor for 4 years.

### Heather Wride

When IFF first gained power it was inspiring to see people actually changing things. I want to see the credit union extend it's remit, the living wage to be adopted across the town and to continue to support Fair Frome.

## Market

### Tim O'Connor

By day, Pensions Manager for a £1.6 billion pension fund. By night, MC of Submarine Comedy, bringing regular laughs to Frome. Both should prove useful as a councillor. I want to work for a Frome that everyone feels part of.

I have been Leader of the Council for the last 3 years and founder of Fair Frome. If elected I want to get more decisions made in Frome by Frome people. Towns like Frome need to be smart, resourceful and aware of their own destiny.

## Independents for Frome (IfF)

IfF is a group of local people who care about our community and want to do the best for Frome. In 2011 Frome voted for positive change with an IfF-led town council and we've delivered exactly that.

We are now keener than ever. Six current IfF councillors along with 11 new candidates are now standing for election. Most of us were either born in Frome or have lived here for more than 15 years.

As a group of individuals we have our own interests and ideas but we agree to work together for the benefit of Frome. We believe in ambition, fairness, respect, trust, transparency and optimism.

### If elected we will:

Finish off the big projects we have started by reclaiming the Showfield and new Town Hall for us all.

Make sure work on the Market Place and Saxonvale gives Frome people what they want.

Take a special interest in the needs of the elderly and the young, with a particular focus on sports, arts and healthy living programmes.

Tackle inequality through supporting job opportunities; push hard for better, cheaper transport options; help Fair Frome and other charities working in this field.

Listen and engage even more. We have learnt you can't communicate enough, the people of Frome always want to know more and to be involved.

Push for the right mix of housing, green space and employment. The new ambitious Neighbourhood Plan will allow Frome to have a greater say in its own destiny.

Continue to attract significant investment for our town, balance the books and ensure a sound financial future for Frome.
